

LASERLITE® multiwall

The glazing system explained

The H-Bar system makes handling and installation easy and flexible. The Laserlite® Multiwall sheets simply slot into the H-Bar ready for fixing to the structure. The glazing bar system allows for thermal expansion and eliminates the need for penetrations through the sheet, making the structure watertight.

GAUGE 10mm

Standard Lengths

2.0, 2.5, 3.0, 3.5, 4.0, 4.5, 5.0, 5.5, 6.0, 6.5, 7.0, 7.5,
